Cu-Bor

Cu-Bor is a patented Copper/Boron wood preservative that is used to treat the ground-line area of standing utility poles. The highly effective active ingredients in Cu-Bor travel deep into the wood by diffusion (osmotic action). Cu-Bor's labeled uses include: brush-on, spray, dip and pressure treating. Cu-Bor is also a furnish treatment in engineered wood products and a railroad tie treatment. Cu-Bor is available in bulk or ready-to-use pouch packaging.

Packaging	Size	Picture	Unit Price
Case of 10	22" x 30" Pouches		\$156.50
Case of 10	22" x 36" Pouches		\$181.10
Case of 7	22" x 42" Pouches		\$143.15
Case of 7	22" x 48" Pouches		\$161.00
Case of 7	22" x 54" Pouches		\$177.10
Case of 10	18" x 30" Pouches		\$125.00
Case of 10	18" x 36" Pouches		\$145.00
Case of 7	18" x 42" Pouches		\$114.00
Case of 7	18" x 48" Pouches		\$128.00
Case of 7	18" x 54" Pouches		\$141.00
Bulk Paste - Pail	5 gallon (50 lbs)		\$66.00

External Treatment Paper

External Treatment Paper Polyethylene backed. Applied to poles after treatment with external preservatives such as Cu-Bor. Use of a moisture barrier paper aids with the diffusion process and allows for the preservative ingredients to fully penetrate the wood.

Packaging	Size	Picture	Unit Price
Kraft Paper - Case of 4	22"x150' (1" Core)		\$80.00
Kraft Paper - Roll	22"x300' (3" Core)		\$37.00
Kraft Paper - Roll	24"x300' (3" Core)		\$37.50
Kraft Paper - Roll	28"x300' (3" Core)		\$39.50
Kraft Paper - Roll	12"x300' (3" Core)		\$20.00
Padlock Tape - Roll Case of 8 (also known as 'Cattle Wrap' or 'Pasture Wrap')	3"x375'		\$72.00

Tenino Copper Naphthenate

Tenino Copper Naphthenate contains 2% (as metal) Copper Naphthenate in oil. This ready-to-use (r-t-u) solution is conveniently packaged in pint, gallon, five-gallon and drum containers. Commonly used to treat pole voids, bolt-holes, end-cuts and pole tops. Tenino can be applied by brush, dip or spray to just about any wood product that needs to be protected from the elements. Pint bottle packaging, designed for use by utility company personnel, contains convenient spray tops in each case. Our red internal treatment tank (listed in our tools section) is also available for applying Tenino. Tenino may be used to fulfill AWPA Standard M-4, Section 7.1.1

Packaging	Size	Picture	Unit Price
Tenino Case of 24	Pints		\$95.00
Tenino Single Gallon	Gallon		\$23.00
Tenino Case of 6	Gallon		\$99.00
Tenino Pail	5 gallon		\$70.00
Tenino Drum	55 gallon		\$605.00
Tenino Tote	275 gallon		Call

Cu-Nap Concentrate

Copper Naphthenate. Cu-Nap Concentrate (8% Cu as metal) is a liquid wood preservative that can be diluted with diesel or mineral spirits. It is widely used as a dip treatment for fence posts using a 24-hour soak. Cu-Nap Concentrate is labeled for the treatment of posts, poles, lumber, siding, boxes, roof shakes and shingles, fence pickets, landscape timbers, cellulose textiles and cordage. Apply by brush, dip, spray, or pressure treatment. See Product Flyer for dilution and other detailed information.

Packaging	Size	Picture	Unit Price
Cu-Nap Concentrate Single Gallon	gallon		\$28.00
Cu-Nap Concentrate Case of 6 - Jug	gallon		\$147.00
Cu-Nap Concentrate Pail	5 gallon		\$95.00
Cu-Nap Concentrate Drum	55 gallon		\$899.00
Cu-Nap Concentrate Tote	275 gallon		Call
Cu-Nap Concentrate Bulk Liquid	Truck (Call)		Call

Aqua-Nap 5 Concentrate

Aqua-Nap 5 is a water-based Copper Naphthenate Concentrate (5% Cu as metal.) It is widely used wood preservative that can be used as a roof treatment and for many other wood products including fence posts. Aqua-Nap 5 is often applied to cedar shake roofs. Pigments may also be added to make pleasing roof treatment colors. Apply by brush, dip, spray, or pressure treatment.

Packaging	Size	Picture	Unit Price
Aqua-Nap 5 Concentrate Single Gallon	Gallon		\$37.50
Aqua-Nap 5 Concentrate Case of 6 - Jug	Gallon		\$216.00
Aqua-Nap 5 Concentrate Pail	5 gallon		\$175.00
Aqua-Nap 5 Concentrate Drum	55 gallon		\$1760.00
Aqua-Nap 5 Concentrate Tote	275 gallon		Call
Aqua-Nap 5 Concentrate Bulk Liquid	Truck (Call)		Call

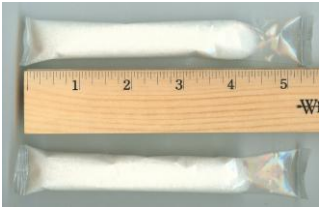

SMDC-FUME

SMDC-FUME (33% Liquid) Metam Sodium in an aqueous-base wood pole fumigant. Applied internally to standing utility poles, liquid fumigants will greatly increase service life. Three or four holes are typically drilled into the poles center beginning at 18 inches below ground-line and rotating 45 degrees around and 18 inches up each time. Liquid fumigants have been used as internal decay treatments of in service poles for over 30 years and have a proven track record. SMDC-FUME is offered in one, five, thirty, and fifty-five gallon package sizes (packaged by weight.) Shipping restrictions apply, please call before ordering.

Packaging	Size	Picture	Unit Price
SMDC-FUME Case of 4 (Tip n Pour Jugs) (39.2 lbs Net)	gallon		\$48.00
SMDC-FUME Case of 6 Jugs (58.8 lbs Net)	gallon		\$70.00
SMDC-FUME Pail	5 gallon (45 lbs)		\$48.00
SMDC-FUME Drum	55 gallon (539 lbs)		\$522.00

SUPER-FUME

SUPER-FUME contains 98% Tetrahydro-3,5-dimethyl-2H-1,3,5-thiadiazine-2-thione. It is an easy to use granular fumigant. This granular fumigant formula is highly effective at controlling internal decay in standing utility poles because it contains a high concentration of active ingredient. Efficacy studies have been performed at Oregon State University over the past 10 years. These studies prove that SUPER-FUME is a top choice. (Packaged by weight.)... SUPER-FUME is also available in new convenient Calibrated Dose Packaging.

Packaging	Size	Picture	Unit Price
SUPER-FUME Case of 4 (Tip n Pour Jugs) (28 lbs Net)	gallon		\$190.00
SUPER-FUME Case of 6 - Jug (42 lbs Net)	gallon		\$280.00
SUPER-FUME Pail (35 lbs Net)	5 gallon		\$225.00
Super-Fume - Case of 600 Tubes (23 lbs.) Packaged in 6, 1 gallon containers	600 tubes		\$870.00
Super-Fume - Case of 500 Tubes (19 lbs.) Packaged in a 5 gallon pail	500 tubes		\$700.00

Board Defense

BOARD DEFENSE® Termiticide, Insecticide and Fungicide Concentrate

98 % Disodium Octaborate Tetrahydrate powder is used for a variety of above ground wood treatment applications. Diluted with water it provides a relatively odorless and colorless Borate treatment. Because of proven insecticide value, Board Defense® is used as an internal void treatment for standing utility poles.

Packaging	Size	Picture	Unit Price
Plastic Pail	25 lbs.		\$70.00

Rods – DOT RODS

Fused Borate Rods for Wood Pole Maintenance Programs. 96.65% D.O.T. [Anhydrous Disodium Octaborate ($\text{Na}_2\text{B}_8\text{O}_{13}$)]. Wood Pole Preservative, Protects Against Internal Decay & Insects. Easy to Install, Transport and Handle, DOT RODS offer Broad-Spectrum Decay & Insect Control to standing utility poles and other wooden products.

Packaging	Size	Picture	Unit Price
Pail of 100 (4038)	1/2" x 4"		\$105.00
Pail of 750 (4037)	1/2" x 4"		\$750.00
Pail of 75 (4040)	3/4" x 3"		\$116.25
Pail of 500 (4039)	3/4" x 3"		\$750.00

Rods - Cobra

1/2" x 4" solid rods that contain Boron and Copper as active ingredients. These diffusible preservative rods are applied internally, using deep drilled treatment holes, to prevent decay in wooden structures. Conveniently packaged and easy to apply, solid rod treatments are a good choice, especially in environmentally sensitive areas. (Full box orders only)

Packaging	Size	Picture	Unit Price
Case of 500	1/2"x4"		Call

Rods - Impel

Solid rods that contain Boron as an active ingredient. To prevent decay in wooden structures, these diffusible preservative rods are applied internally using deep-drilled treatment holes. Conveniently packaged and easy to apply, solid rod treatments are a good choice; especially in environmentally sensitive areas.

Packaging	Size	Picture	Unit Price
Pail of 500	3/4" x 3"		\$825.00
Case of 500	1/3"x2 5/8"		\$500.00
Pail of 500	1/2" x 4"		\$600.00

Rino-Plugs

Plastic reusable plugs for wood pole maintenance programs. Tapered and threaded. Durable plastic. Cross slotted head. Easy to Install and Remove.

Packaging	Size	Picture	Unit Price
R-2Y (Yellow) Case of 1000	(For 13/16" or 7/8" Holes)		\$220
R-1B (Black) Case of 1000	(For 3/4" or 13/16" Holes)		\$200
RSB (Black) Case of 3000	(For 3/8" Holes)		\$210

Plugs - Plastic

SCOTTY REPLUGS® are available in two sizes: A9 (9mm) for 9/16", 1/2" and 5/8" drill bits, and A14 (14mm) for 13/16" and 7/8" drill bits. Stocked only in black. Yellow or white available by special order. (Full box orders only.)

Packaging	Size	Picture	Unit Price
Replug Case of 1000	A14 Replug (For 13/16" or 7/8" Bit)		\$260.00
Replug Case of 3000	A9 (For 9/16", 1/2" or 5/8" Bit)		\$660.00

Plugs - Hardwood

Wood preservative treated hardwood plugs. Available in many sizes and lengths these wood plugs are used to seal treatment and inspection holes. Also used when poles have been reconfigured and bolt-holes remain exposed. After filling holes with a preservative, the hole should be sealed with a plug. Wood plug orders will be accepted for quantities of less than 1000 and invoiced at a per piece price. However, a \$20 repackaging charge will apply - contact customer service.

Packaging	Size	Picture	Unit Price
Case of 1000	7/16"x 2" (For 3/8" Bit)		\$50.00
Case of 1000	7/16"x 3" (For 3/8" Bit)		\$70.00
Case of 1000	5/8"x 3" (For 9/16" Bit)		\$150.00
Case of 1000	11/16"x 3" (For 5/8" Bit)		\$200.00
Case of 1000	13/16"x 3" (For 3/4" Bit)		\$220.00
Case of 1000	7/8"x 3" (For 13/16" Bit)		\$220.00

CuLam Barrier Wraps

CuLam Barrier Wrap is used by electric utilities and others as a permanent barrier that is applied to the below ground portion of preservative treated wood poles and timbers. The easy to use, slip on style laminated wrap contains three total layers. Two layers of 89-micron high performance film are utilized to sandwich an 18-micron lawyer of copper foil. The high performance edge seals are produced using patented ultrasound technology. This very tough, durable and long lasting system will all but eliminate any preservative movement from treated wood into the surrounding environment while dramatically improving the service life of the wood. Application is made in the field by simply slipping the sleeve onto the pole; tighten, then setting the pole normally. Silicone self-fusing tape is used to seal the top or other areas that may be exposed. Use of copper foil, instead of less expensive metals, insures that soil contact corrosion does not occur and allows CuLam to offer superior long-term performance.

*Convenience pkg., one wrap, and one roll of 4" x 10' black tape sealed in a plastic tube (typically 10' of tape will seal the top of 1 application)

Item	Per	Unit Price
CuLam Barrier Wrap 30" x 8' Fits 30' to 40', max butt dia. 18". Cat#9005		\$67.00
CuLam Barrier Wrap 30" x 10' Fits 50' to 60', max butt dia. 18". Cat#9009		\$84.00
CuLam Barrier Wrap 38" x 10' Fits 50' to 60', max butt dia. 22". Cat#9006		\$108.00
CuLam Barrier Wrap 38" x 11' Fits 65' to 75', max butt dia. 22". Cat#9007		\$119.00
CuLam Barrier Wrap 42" x 13' Fits 80' to 90', max butt dia. 26". Cat#9008		\$158.00
Pole Liner Silicon Tape Rolls 4" X 33' Self-Adhesive, Cedar Red". Cat#9020	Roll	\$49.00
Pole Liner Silicon Tape Rolls 4" X 10' Self-Adhesive, Black". Cat#9021	Roll	\$18.00
CuLam Barrier Wrap 30" x 8' Conv. Pkg.* Fits 30' to 40', max butt dia. 18". Cat#9010	Pkg	\$87.00
CuLam Barrier Wrap 30" x 10' Conv. Pkg.* Fits 50' to 60', max butt dia. 18". Cat#9011	Pkg	\$104.00
CuLam Barrier Wrap 38" x 10' Conv. Pkg.* Fits 50' to 60', max butt dia. 22". Cat#9012	Pkg	\$128.00
CuLam Barrier Wrap 38" x 11' Conv. Pkg.* Fits 65' to 75', max butt dia. 22". Cat#9013	Pkg	\$139.00

CuLam Barrier Wrap 42" x 13' Conv. Pkg.* Fits 80' to 90', max butt dia. 26". Cat#9014	Pkg	\$178.00
CuLam Barrier Wrap 30" Customer Spec. Length. Fits max butt dia. 18". Cat#9015	Per foot	\$8.40
CuLam Barrier Wrap 38" Customer Spec. Length. Fits max butt dia. 22". Cat#9016	Per foot	\$10.80.
CuLam Barrier Wrap 42" Customer Spec. Length. Fits max butt dia. 26". Cat#9017	Per foot	\$12.25
Basic Poly Barrier Wrap 36" Customer Spec Length. Fits max butt dia. 22". Cat#9025	Per foot	\$2.00
